# About the Kwickaz Group

A group of transport minded professionals committed to offering solutions to freight problems.

With Trust, Respect and Loyalty being some of our values, we believe that by being honest with our clients and respecting that not everyone's freight requirements are the same, we can develop long-term relationships of mutual benefit.

We are not the biggest, but our vision has always been, and will continue to be, "a desire to be the most admired group of freight professionals in the industry". We strive to achieve this by passionately growing our team and delivering innovative solutions which exceed our client's expectations.

*We Know Freight*

Our country network offers a personalised, cost effective way to get any consignment from 1 carton to any amount of freight in any shape or size from anywhere in Victoria to anywhere in Victoria, fuss free and competitively priced to give you peace of mind.

We offer three types of delivery services:

## **Door To Door Service**

We organise to collect your freight from any point in Victoria you nominate and deliver it to any point in Victoria you nominate.

## **Drop And Go**

You organize to deliver into our Rowville Depot and we organise to deliver to anywhere in Victoria.

## **Depot Pick Up**

We organise collection of your freight from anywhere in Victoria and contact you once at our Rowville Depot and you collect it from us.

Travel times and pricing will depend on the type of service you are requesting and from where and too where your freight needs to be transported. We offer a set and forget rate for those who send regular consignments to regular destinations as well as a quote by quote service for those who have irregular consignments or just needing to know a cost of the freight movement to build into any job before pricing. This information can be obtained from our sales or operations department at any time via Phone, email or the quick quote tab at the top of the page.

# Interstate Freight

## Warehouse And Distribution

The Kwickaz Group offer storage solutions that cater for a diverse range of freight types and overall supply chain requirements. Our storage solutions can help our customers reduce storage space, freight handling costs and improve inventory accuracy by optimising storage options and streamlining activities.

Here in Victoria we have two options for our customers offering solutions to every problem. From Small 1 Parcel or 1 Pallet storage through to 10,000 pallets. If you have storage issues, we have the solution to your problem.

### Rowville Facility

A small boutique warehouse based in the Eastern Suburbs of Melbourne, this facility caters for small 1 pallet or parcels, up to 22 pallets mostly on a short to mid-term basis.

Perfect for that client who needs to store, cross dock, distribute or drop and go for country Victoria on a smaller scale without the hassle of minimum cost hassle.

### Keysborough Facility

The larger of our two Victorian facilities the 7000m<sup>3</sup> Keysborough warehouse provides flexible, customised warehousing and distribution services catering to organisations that require management and fulfilment support within their Supply Chain.

- Full LCL, FCL unloading and receiving capabilities
- Receive, reconciliation and put away services
- Fully secured short and long term storage facilities
- Pick, pack and despatch services
- Pick slips, packing slips and invoices
- EDI capabilities with most major Australian retailers (Big W, David Jones, Myer, Masters, Woolworths, Rebel Sport)
- RF enabled facilities
- Inventory control and stocktaking
- Provide reporting as required
- Web access to utilise the Warehouse Management System (WMS)
- Client ERP integration capabilities
